AIGA | the professional association for design

## **AIGA Minnesota Job Description Director of Technology**

### *Purpose of Position*

The purpose of the Director of Technology is to oversee and improve electronic communications, systems, and processes in support of AIGA Minnesota's interactive, communication, and programming needs. This includes the chapter website, discrete websites for legacy events, and other technological services we regularly rely on as a chapter.

### *General Responsibilities*

1. Develop and oversee resources to execute AIGA Minnesota's web presence through website, social media and technology use.
2. Make strategic decisions and recommendations to ensure interactive and operation efforts are in the best interest of the Chapter and aligned with Chapter goals.
3. Ensure operational support is provided to Chapter committees in terms of website functionality, tools, email blasts and social media use.
4. Evaluate and identify best practices in local and national web solutions to ensure Chapter tools are current, effective and applicable.
5. Serve as liaison with national AIGA on interactive needs (web content contribution, latest web development, improvements and new applications.)
6. Participate in AIGA national Web Discussion Group (or network)
7. Develop and oversee resources and committee (communications/interactive) to ensure timely and relevant tasks are executed. Collaborate closely with Director of Communications and Director of Operations to oversee this committee.
8. Responsibilities for interactive needs including:
  - Chapter website and AIGA's web resource toolkit (known as the Internet Kit)
  - Digital content best practices
  - Email blast management
  - Getting started with the Internet Kit and Content Management System
  - Suggest content for AIGA.org
  - Web discussions listserv
  - Web hosting services from AIGA (if applicable)
9. Serve on Board of Directors / Attend monthly committee meetings

### *Required Areas of Expertise and Work Experience (required)*

1. Minimum 5 years experience in professional practice in interactive management, design or related/affiliated field
2. Previous team or committee experience (in any capacity); must be a team player

### *Critical Knowledge and/or Skills (preferred)*

1. Previous experience leading/working with volunteers
2. Previous AIGA committee experience
3. Good communication and analytical skills
